

§ 67.35-5

33 CFR Ch. I (7-1-08 Edition)

application may be made by letter for each structure to be so equipped if the structure is to remain in place less than six months.

(c) One application form only shall be submitted to the District Commander to cover a group of unlighted buoys or daybeacons.

§ 67.35-5 Contents of application.

(a) All applicable items of the prescribed forms shall be completed. A brief descriptive print of the structure or aid to navigation involved shall be furnished with the application, together with a location plat or chart section. When Lambert coordinates are used to plot the position of the aid, the plat or chart shall be annotated to show latitude and longitude of the proposed aid to navigation, except when the position has been described by reference to one or more horizontal angles, or by the bearing and distance from a charted landmark.

(b) Each application shall have appended to it a list showing the type, model, name and address of the manufacturer of the lighting apparatus and sound signal equipment to be used.

(c) Each application shall always specify the date the proposals contained therein are desired to be effective, and approval thereof must be obtained before the proposed action is undertaken.

§ 67.35-10 Private aids to navigation.

See § 67.15-10(b) for review of applications respecting private aids to navigation for spoil banks, artificial islands and dredged channels.

§ 67.35-15 To whom addressed.

The applications and correspondence dealing with private aids to navigation and obstruction lighting should be addressed to the District Commander having jurisdiction over the area.

Subpart 67.40—Notification

§ 67.40-1 Notification to District Commander.

(a) *Class “A” structures.* In the case of structures to be located in areas where Class “A” requirements must be met, notification shall be given to the District Commander of the approximate

date work will commence, as soon as known after a permit is received from the Corps of Engineers, U.S. Army, or 30 days in advance, if possible. Persons constructing structures must notify the District Commander by either telegram or overnight mail on the day they begin construction. Within this notice, they must inform him or her of the lights and sound signals they will use during construction. When construction has been completed, the maintainer shall notify the District Commander to that effect by letter, stating whether or not the authorized obstruction lights and/or sound signals are in operation. Final notification by letter shall be given when the lights used for general illumination, to facilitate the construction or operation of the structure, have been discontinued and the authorized obstruction lights placed in operation.

(b) *Class “B” structures.* Notification shall be given to the District Commander in the case of structures to be located in areas where Class “B” requirements must be met, in the same manner as prescribed in the case of Class “A” structures, except that the telegram on the day construction of the structure is commenced shall not be required.

(c) *Class “C” structures.* Notification shall be given to the District Commander in the case of structures to be located in areas where Class “C” requirements must be met, upon completion of the structure.
